● Difference from general product

General Product

1. Dark line appears
2. Edges of the paint peel off easily
3. Heavy lid makes it difficult to push up
4. The heavy lid touches the hand strongly and easily gets dirty

● Difference from general product

FUKUVI - TENKENKO

1. Lines do not appear (there is Straight and Clean frame)
2. Edges of the paint are hidden by the frame, making it difficult to peel off and even if it peels off, it is inconspicuous.
3. Light lid (Single layer) makes it easy to push up
4. Less likely to get dirty (compared to heavy lid)

Other: If you forget to install it, you can easily install it later.
